- Gate panels

COSMO® film lamination technology

With our state-of-the-art lamination technology and our long-term experience, we are offering a comprehensive service. Thanks to a special hot-melt adhesive system, a large variety of surfaces can be laminated on highly diverse carrier plates. Only DIN-certified films and carrier materials are processed. To ensure the best quality for you: durable, weather- and UV-resistant.

Flexible
through state-of-the-art lamination technology

Best quality
only DIN-certified films and carrier materials

Optimum protection
from weather and UV-radiation

Specialized competency
through technical experience and service

More than 200 different wood decors and Uni-films available ex warehouse
